# at Sheepshead Bay

For nearly 200 years, Sheepshead Bay has been the ultimate nautical playground of elite New Yorkers and common working man anglers. At the turn of the century, Oceanside was the location for world class horse racing, dining, and the booming for hire boating industry.

Oysters, Clams, Tuna, Cod, Flounder, Whiting, Sea Bass, and Striped Bass flowed through Oceanside providing the freshest Seafood for a growing metro population. Sheepshead Bay featured the finest seafood dining in North America, spearheaded by restaurants like the legendary Lundy's which formed the stable economic core of the community. Bait shops, tackle stores, and boats lined Oceanside, as the wealthy and famous mariners alike flocked to the vessels of Sheepshead Bay.

Today the tradition continues as the Sheepshead Bay community includes the hardest working and most experienced charter and recreational boat captains and mates in the country. Oceanside carries 9 complete fishing vessels for hire and several smaller chart boats. One can engage in any nautical adventure they can imagine multi day offshore tuna adventures into the Hudson Canyon, to easy inshore half day trips ideal for young children and families.

Oceanside's most dependable and professional bottom fishing boat. This is a family owned business with deep roots in Sheepshead Bay. They have an encyclopedic mind for the local fishing hot spots for every season and condition. They love Blackfish, but can give you a great Fluke trip, Sea Bass and Porgies. This is a serious boat for real fisherman, and those who want to learn from them

This is Captain Mike Ardolino's special boat. Mike is a veteran captain from the old Brooklyn VI who is expert at offshore tuna trips, and nearly anything else. The boat is limited capacity for real fishing adventures. One of the most experienced crews on the East Coast.

Captain Tony Santella workhorse half day trip boat. This boat catches a lot of fish, especially when it targets porgies. I have caught more fish on this boat than any other in Sheepshead Bay, and it is a great bet for beginners who want to bring home fish in all seasons and weather. 8AM and 2PM trips

## Pier 7: The Marilyn Jean V

The big brother of the MJIV, the MJV is a big comfy boat that can handle large crowds and is at the top of the list in catching fish. It will also specialize in Porgies, but it goes on a great many adventures looking for Ling, Cod and Blackfish. It is a fast boat, and its captain, Tony Pelican, is not afraid to put it in gear and to explore much of the inshore fishing grounds from Central New Jersey out to the area near Jones Beach. Pelican is a favorite captain who cut his chops on the Pilot of years back. He has a very loyal following of fishermen. The 1<sup>st</sup> mate, Rafeal, is the best on the East Coast. It is a fun and well equipped boat.
